Hello my name is Roberta and I'm 22 years old and I come from Turku, a beautiful city in Finland. I am a student at Tampere University. I am in my second year of Law. Besides I also study foreign languages, basically English and French, which are very important for my future job. I really enjoy my lessons.

My main hobbies are watching films, I mostly enjoy horror films, and I go to the cinema as often as I can. Another of my passions is reading. I usually read a couple of books every two weeks, especially those based on History.

I am single and my boyfriend's name is Marcus. He works in catering, so I don't see him very much in the evenings or weekends.

At home we are a family of five: my parents and my two younger brothers. We get on very well with each other: we enjoy practising sports together, having long walks in the park and playing computer games where they always win.

I also enjoy spending time with my friends. We have known each other for many years, and we have taken different paths after school: some decided to get a job, others to go abroad but most of us are at University. When it is possible, we really enjoy being and doing things together.

I think I am lucky with my life and I love it. I hope it will always be like this way!!
